

The Up North Journal Team would like to officially announce our newest Pro Staff Member to the team. Join us in welcoming Ian Sparks to our Pro Staff! Ian calls Iowa and Kansas both home and his hunting grounds! He has a passion for chasing those big Whitetail Bucks in both states along with the spring turkeys that roam the Midwest! He is currently attending Sterling College in Kansas to study Deer Biology which I know he will put to good use in the field! Ian also has an eye for the video camera as well; he has already put together a few videos from his hunting experiences. You can look forward to seeing some of Ian's hunts this fall on Beyond The Wild as well! Once again join us in welcoming Ian to the Pro Staff!
